Exercise 3: Export the network to ONNX for benchmarking on STM CubeAI Development Cloud

Export trained network from ex 2

```
exportONNXNetwork(net, "net_trained.onnx")
exportONNXNetwork(net_raw, "net_train_withoutAug.onnx")
```

open ST Dev Cloud

```
web("https://stm32ai-cs.st.com/home");
```

Data collected from csv file. One example being:

STM32H747I-DISCO

Inference time: 0.6324199982918799
